Reasons to join Arcos Gardens Golf Club

- Arcos Gardens main goal is to offer to its members a first class service at a first class venue. As the club develops it will become increasingly unavailable for public use. Thus making membership more exclusive over time.
- A membership requires a title owner called the holder. The holder's membership extends to his or her immediate family. This includes their legal spouse and all children under 22 years old or children who are still in full time education. For children over the age of 22 but younger than 35, the member can apply for a legacy membership by only having to pay the regular annual subscription – this subscription also extends to his or her immediate family.
- Members receive special prices and benefits.
- As a member you will be able to obtain and maintain a Spanish federated handicap (optional) and participate in a full calendar of competitions and social events.
- The joining fee or initiation fee is a deposit with a profit share scheme. This means if you decide to leave the membership, it is refundable. If at that time the resale value is greater than what was originally paid, you will also receive 50% of the difference (the profit) *
- Annual subscription or dues. The annual payment for golf subscription includes your immediate family.
- Membership places will be limited in order to keep the level of service we promise. Once full there will be a waiting list.
- The joining fee will increase as Arcos Gardens becomes more popular.
